

# ConnectWise- Breaking News!

Attending the Q3 empower meetings in Denver? Don't miss Wednesday's **Community Day!** The morning will be filled with valuable Leadership and Sales information as well as our "**ConnectWise – What's New and What's Coming**" presentation at **8AM**. You won't want to skip this session as we are going to be making a **very special announcement** for all empower member companies. We've been looking forward to the Q3 meeting for months and are sending a huge team out to make this announcement and get to know you during the week.

The team making the journey to Denver is well-connected within our organization and is slightly different from the team you are used to seeing each quarter. Here is who you can expect in Denver:

Kathy Smith, Senior VP of Services, Education & Consulting  
Steve Farnan, Senior VP of Sales  
Tony Thomas, VP of Corporate Strategy  
John Timko, VP of Marketing  
Brett Cheloff, GM ConnectWise Automate  
Sam Demulling, Product Manager ConnectWise Sell  
Lisa DiGiore, Director Account Management  
Susan Sawyer, Manager Community  
Jeanine Sullivan, Senior Business Consultant

Normally our Wednesday morning session covers what to expect in our next product release, but this time it will be a **NEW Journey before the afternoon Tourney** (Be sure to check out our team at Hole 16). Tony Thomas will kick things off with a recap of our 4 Helpful Lists and discuss the **5 Big Buckets** that focus on **Product, Consulting, Support, IT Nation and Account Management**. Tony will also be making our **big announcement** and reveal how it relates to these areas of focus and our plan for moving forward. The session will wrap up with a **Town Hall Q&A** session where our team of experts will be ready to answer your questions. You don't want to miss "**ConnectWise – What's New and What's Coming**".
